Overview and goal for the educational meeting:

The mission of the AACMFS is to improve the health and quality of life of patients with congenital and acquired CMF disorders by the advancement of knowledge of the science and art of CMF surgery. The format for this meeting will provide an educational platform for the exchange of ideas in the areas of pediatric craniomaxillofacial surgery, trauma and head and neck oncology and reconstruction. Founding fellows will present abstracts that demonstrate their commitment to research, education, clinical innovation and professional service in the field of craniomaxillofacial surgery. The goal of this activity is to bring together experts in their respective fields to share information regarding patients with craniomaxillofacial disorders and discuss options for improving patient care.
